The Premises:

This is a dungeon type setting which is a converted house in the St. Phillips area of Bristol. Totally clean and safe. Parking was a bit difficult in the street, but ok in an adjoining street. Entry is by front door straight off the street, but the street is very quiet and I only saw one other person walking his dog, so no problems there.

The Lady:

Mistress Kiki is in her early 20's, lovely accent, 5ft 6 tall, size approx 14 (I'm guessing that one mind).

A very nice girl to talk to with a fantastic attitude. Very easy going and willing to experiment and please.

The Story:

Over the last few years I've been trying out alternatives to straight sex as often as I can (must be my age?). Don't get me wrong, I LOVE sex, but sometimes I want a change.

I decided to go along and see a Mistress for some non-dom play. This is my first ever visit to a mistress and while I'm not into the dom and bdsm scene at all, I do like some of the bits that make up this scene.

Upon meeting Mistress Kiki, we chatted over a coffee and she asked me several questions so she could get an idea of exactly what I wanted, and more importantly, exactly what I didn't want. Bear in mind that she is quite an expert at administering corporal punishment, so it was essential she found out if that was what I wanted or not.

I settled for some feet play, trampling and facesitting.

Facesitting I hadn't really tried before, feet I'm just getting into, and trampling I've tried on and off over the years and love the feel of the pressure as she walks over you and of course, the great view!

We arranged a 2 hour booking and once the finances were sorted, we proceeded upstairs to a vacant room.

There were one or 2 others there in separate rooms, but I didn't ever see any of them. It is very well organised here and everyone is kept well apart.

After about an hour of play, we were joined by Mistress Eve who decided to join in for a while. She is also in her 20's and just as gorgeous as Mistress Kiki. That was certainly a lovely unexpected surprise for me. Apparently, she usually wears a mask, but I got to see her lovely face without any mask.

The time quickly passed and I got to try out everything I wanted. It was so nice to have a change from the usual straight sex and experiment a bit, and I couldn't have chosen anyone better to experiment with.

Would I return... Definately.

For those not into dungeon type settings, Mistress Kiki also does outcalls to hotels.
