The Premises:

Her place is just on the Isle of dogs. It is in a new small (4 Floors) block of flats.

The room itself was a mess & she has a small dog (puppy) which she wanted to stay in the room with us!

When I entered they was another lady sitting on the laptop in the living room & the whole time I was there her the door bell was ringing all the time! & you could hear people coming in & out.

The Lady:

The picture I saw on the lady, were of the correct lady but they were taken I would say at least 2 to 3 years ago! Whilst she is not fat she is noway as slim as she shows on the website! She has large tatoos on her hip & back (always a turn off for me) Again no mention of this was made in the advert. She is about 5'6 shoulder lengh dark hair,

The Story:

When we got in the room which was a mess (she did say she was moving) she started to kiss me however in less than 5 mins she left to get a drink of water, came back 5 mins later. In the end after she gave me OWO & CIM she left again this time for 10 mins & I could hear her talking outside so I got dressed & left, this time there were 3 ladies in the living room & I think there was another guy waiting in the loo! I left after 35 mins in total & I wont be going back! stay away Guys
