The Premises:

The apartment was clean and seemed well maintained in a fairly new development of flats in Oxford. Bathroom was ensuite to the bedroom which was also good.

The Lady:

Very attractive on first meeting, although a little older looking than on the website. Gorgeous figure, nice smile and great legs and breasts. I was greeted by Susan wearing great underwear and a string top that allowed me to see her perfect breasts and nipples.

The Story:

Susan was very welcoming, offered me a shower and a drink. She asked for the money almost straight away and then left the room while I undressed.

Keep away from this lady. She's very gorgeous but does not offer what she claims. She was uncomfortable with me touching her nipples and her mouse. When I asked if she kissed, she said no. She has an allergy to "the oils" in condoms and she showed me what looked like an ulcer on her tongue, saying she did not want me to catch anything - hence no kissing. I asked if she was clean and she said yes, but at that point I said I was going to leave as I did not feel safe. She got upset, telling me we had loads of time and that she wanted me to enjoy myself. She did not seem to understand that I could not enjoy myself when she was worried about something and did not want me to catch it.

She may be clean she may not, but not a risk worth taking, so I left. In fairness to Susan, she did give me some of my money back.
