The Premises:

Semi detached house on a very steep hill, suited the name of the road perfectly. Quiet, safe enough area. Room was not immaculate but clean enough.

The Lady:

19 yr old (so she says) 'school girl' look from czech rep, great body, curves in the right places, boobs her best feature (shame didn't get to play with them), about 5ft 7, long brown hair.

The Story:

This goes in my top 3 worst punts of all time. Found her in AW, she looked smoking hot in her photos. Her profile was impressive from a marketing point of view. She had been in my hot list for months; she as mostly positive feedbacks on her profile. When her her feedbacks and ratings were suddenly protected from public viewing, I was naturally discouraged and of-course suspicious. But then more striking photos of her were added to her profile, and my brain got dis-engaged from my decision making and taken over by that thing further down.

I have to admit, I did mess her around a bit with the time of the appointment. I first asked for 4pm, then something came up, so asked for 5pm. Then thought I might not make that so asked if 530 or 6pm would be ok. But after all that, I arrived much earlier than I expected (over estimated the traffic). I felt quite guilty for making all these changes, and appreciated that she appeared to be ok with it all.

When I arrived she looked exactly as her photos - fit and hot - so was not dissapointed. She started with a very sexy little strip tease. But from then it when down hill as steeply as the road I was in. The rest of my experience I would rate as follows: OWO = 4/10; Deep throat = Did Not experience (DNE); Kissing = Not Allowed (N/A); CIM = N/A; Reverse Oral = DNE, Massage = DNE. During sex she would push me away if I appeared to be approaching her for a kiss, and every time I touched her tits she kept saying don't touch them hard because they're very sensitive. This was bull becuae even when I was extremely light in my touch she complained.

After the first round was over, I was in no mood to engage in conversation but did so to pass the time. I asked her how long she had been in the UK - she said said 3 weeks. Did she mean 3 months - did she fuck - "no 3 weeks, 21 days" she said. According to her profile she has been a member since Sept 2009. I came to the conclusion round two was going to be as bad as the first. So I asked

if I could change the booking to half an hour (not more than 20 mins had passed by this time) and get ?40 back, but she did not like that and complained that due to all my changes in the appointment time she had to turn down other customers. Yeah right. As there's no such thing as consumer rights in these sort of situations, I decided enough was enough and left.

From now on it's going to be a strict policy of mine that if a girl does not allow her feedbacks to be viewed then do not add her to your to-do list, hot list, or any other kind of list. I've tried to be impartial in re-telling my encounter, but believe me when I say the following: avoid and save your money for someone else.
