The Premises:

Very nice flat in the city centre. Extremely accessible, but not on a major street, so extremely discreet. Bedroom was immaculate. All in a very welcoming environment.

The Lady:

Tanned, toned & titillating.

Casey is extremely attractive, on the day of the visit she had almost wanted not to go through with it as she was having a bad hair day, but that shows how much attention to detail she puts in. When I got there it was tied back. Her website says 5ft 4, seemed a little taller, but I'd go with that. Size 8 with a C bust (that was a surprise actually as she doesn't look as well endowed on her photos, but the puppies sprung out to play and were stunning).

She really looks after herself, is extremely toned, basically a model figure (but a bit shorter ;-p)

The Story:

When I got there we had a bit of a chat (had been talking on the forum here so had a few things that we had a bit of a laugh about) and slowly and quite naturally things moved on.

Kissing - never been something I cared about before, but she does this so well I was really submerged. (I guess that's the difference between a sauna/ flat girl and a high level escort).

OWO - 100% certain this is the best I've had from a Scottish girl and at the very least would make my top 5 all time. I almost didn't want it to stop.

Reverse oral - She seemed to really enjoy this and that made it all the better for me.

Then sex in a variety of positions. - Casey essentially spoiled me here as, I think for one of the first occasions in my life, I didn't get off my back, yet the variety and adeptness Casey produced was nothing short of sensational. It was almost like I thought of something and she read my mind. I honestly couldn't believe how she was able to just nail every feeling I had and every fantasy I could dream of at that point.

At the end I was offered a shower (though I struggled to walk to it).

I had it in my mind I was there for an hour so would be going for a round 2 or 3 even, but to be honest Casey just blew me away and I had nothing left.

I'd say the only thing missing from the whole thing was a mirror, that would have let me keep the visual in my head to remember better afterwards.

Other than that - gold star.

I was sceptical of the price before, but after a ton of miserable experiences in Glasgow, Casey is a sure bet and so I will certainly be back.

Can't wait.
