The Story:

Had some spare time and cash and thought I would indulge myself. I Was recommended Annabella by a friend so I'd give her a call.

She arrived on time and greeted me with a smile, she has a very bubbly personality and instantly I felt at ease. She helped me to undress before slowly doing the same to herself. She then got onto the the bed with me where I started to feel and caress her body, I put my hand between her legs and couldn't believe how wet she was; I knew I had to have taste, and so went down on her. She tasted sweet. I carried on eating her out until she came (well I think she did) she then put a condom on my cock before giving me a lovely blowjob. After a few minutes of this she asked me to "come and fuck" her which I dutifully did. I kept fucking her in a variety of positions, before finally cumming while fucking in doggy.

I have to say it was a great punt and I think I will have to invest again in her services very soon.
