### The Premises:

A very nice flat, in a decent area of London. Very handy for local supermarket! Ceiling needs a bit of work!

### The Lady:

Serena isn't what you might describe as a tall girl, but neither is she tiny. She has a womanly figure - that is, curves in all the right places and large, natural tits. Great skin (all over), beautiful eyes and a flashing smile. A very nice package indeed. The pictures on her site are a good representation of what you will find in the flesh.

### The Story:

I've met this lady a few times now and I imagine I will again. She's a clever girl in many ways, so the chat flows. However, she is also very adept in the boudoir - seems to enjoy most things and can be very (too?) vocal when it comes to sex. Her bbbj is good and she is a top notch kisser - I've been kissed by some of the best and Serena is up there. Also enjoys role play and has a very extensive wardrobe in the unlikely event that your ardour starts to flag. The wardrobe itself has a huge mirror, so you can watch if that's your thing.

A nice girl I think - aims to ensure her clients enjoy themselves and she has been very sweet to me.
