The Premises:

Immaculate house in a rather run down council estate outside Wellingborough. Lots of parking around.

The Lady:

Black lady. Aged 42 with big tits and she would say has a bit a stomach but not too many stretch marks after two kids.

The Story:

Given good directions. Talked me into the estate and saw me approaching from her bedroom window. Met me in a dressing gown and offered me a drink. Over the phone I had suggested "tie and tease" - went to the bedroom and got my kit off (rather a lot as I am a biker). She got out a suitcase with lots of weird looking vibrating gadgets. Put a blindfold on me and some attention to my back and stomach. Then turned onto my side for a vibrator on my cock. Back onto my back. Whilst the vibrator was still on my cock she started to give me covered Oral. All too much and I shot me load. Afterwards we talked for ages. Why she was a Escort and why I was addicted to sex. Weirdest punt I have ever had. Never touched her not even those big tits of hers. Never really saw that shaven fanny of hers. Value for money? I guess not - but not her fault rather mine. Will I go back? - probably not. Gave me lots to think about - thanks Crystal. You should meet this amaazing lady but not if you just want a quick shag as doesn't kiss unless you're a regular, no RO, no OWO and no anal.
