The Premises:

Very exposed entrance on main road, but not a problem if you are not a local. Straight off the street up a steep flight of stairs. Safe area - very busy road. Flat OK and clean.

The Lady:

Went on spur of moment. Had been meaning to see her for ages. Slightly older than her pictures would suggest - probably in 30's. Nice figure and pretty face. Bears a resemblance to a young Angela Rippon, for those who can remember.

The Story:

As previously I was a bag of nerves. The location didn't help, nor that I went on the spur of the moment, so when I got there I thought OMG what am I doing here. She was not very assertive and needed me to lead. I basically wanted her to cane me and for me to finish with a facial.

She bent me over and started to cane me with a horse whip which I enjoyed, only stopping when I was getting a bit red.

Moving to bed she said that she would prefer if I didn't come on her face which is the whole point of a facial. She does advertise that she will do facials, and this was confirmed when we first met. So this took the wind out of my sails a bit, and so after rolling about on the bed a bit I started wanking, and got astride her and deposited my load on her upper chest.

The location put me off and what with her laid back approach I didn't enjoy this as much as I might. Still she is a good looking girl and in another location it might be worth another shot one day.
