### The Premises:

Easy to find, and clean, as you would expect.

### The Lady:

I was invited in by a stunning blonde lady, who asked if I had an appointment, at which point I thought to myself..."Wow! I wonder who she is, I hope she offers services, I'll see her next time!". I then found out that she was in fact Sally! I think at that point a very big party started in my pants, with hats, streamers, party poppers and those whistle things that unroll when you blow them! Believe me guys, this girl is a stunner!

### The Story:

She showed me to the room, and nipped off for a minute to get me a glass of water. A nice relaxing massage followed, and some stimulating chat. I was offered oral, with or without rubber.... 'without' being my choice. She complemeted me on my size, which is always a nice ego boost :-). Then it was on with the rubber for some sex. We did it in a few different positions, but to be honest, due to how amazing she looks and how good it feels being inside her I only managed maybe 5 minutes before my head exploded and I dished out a big dollop of rich cream. We still had several minutes, so Sally offered another massage which I happily accepted. So to sum things up, she is absolutely amazing, beautiful and intelligent.

Would I see her again? You f\*\*king bet I will!

The perfect woman..... :-D
