Really gorgeous mixed-race girl. Tall, mid twenties, pretty, magnificent breasts.

The Story:

This was my second attempt to see Cherry. On the first occasion, after turning up at her post code, she informed me that she had booked someone else for 2 hours, and said she was awaiting a confirmation call from me. This was not the agreement - I guess money talks. This should have set the alarm bells ringing.

A friendly girl, but no French kissing and no owo, both of which she had promised. So covered oral which was only OK. Gave her some reverse oral, accompanied by obviously false moaning from her. Claimed I was far too big for her so would not allow full penetration or doggy. Finished with a rather inexperienced hand job.

This just goes to show that you should listen to the alarm bells, and appearances aren't everything!

Chalk it up to experience
