### The Premises:

Clean, safe, well known block of flats, hers was quite spacious

### The Lady:

A japanese girl so very petit, small waist, a nice pair of boobs, lovely eyes and smile, very demure

### The Story:

A punt of 2 halves, both of them very poor. First off I arrived and the girl was obviously not the one on the website, as she was very young and too petit. I pointed this out and despite her protesting that she was the girl on the website, once I'd threatened to walk out she conceded there might have been some confusion. She asked me to wait and said another girl was coming in 2 minutes. Would this be the original girl I booked?

No. In hindsight I should have listened to my gut and left. However, the brain between my legs has a louder voice and this second girl was more like the girl I'd wanted. I agreed to spend the hour with her. She introduced herself as 'Fui'. I handed over the cash. I showered, dried myself and was asked to lay on the bed. I then received an okay massage. I turned over to receive a long and not particularly enjoyable oral session, part OWO for 3 minutes. Towards what I thought was time, I invited her to climb on top which she did, riding me quite vigorously. I asked her to slow down and pulled out. She then proceeded to masturbate, which I knew would not be long. I wanted to finish inside her, but she said I was too big. She then 'simulated' sex with by 'riding' my, holding my cock in her hand while she rode up and down. I was close, so I blew my load pretty quickly.

All up, rubbish. There is a lesson here and I've seen it on a few other FRs. If it doesn't feel right, i.e. she's not the girl (and let's face it you rarely meet a wrong girl who's better than the one you booked), it's best you leave. I'll heed it in future.
