### The Premises:

Block of flats just off town centre could have done with a bit of hovering but all in all ok. A brisk five minute walk from the train station unless you're a lazy bastard like me then there's parking opposite. (pay & display)

### The Lady:

Attractive English girl in her early twenties, lot's of tattoos but very feminine and nicely done.

Wore glasses with dark Curly hair, a good figure with a nice personality.

Had her clit pierced, never saw her tits as kept her lingerie on though she didn't really get time to take it off!

### The Story:

I'm going to say I enjoyed the time I spent with this girl although if she'd have made more of an effort with her hygiene I may have gone back, I like to eat pussy and that was off the menu for me.

Suck and fuck in a couple of positions and every thing covered.
