The Premises:

My place is a skip because I blow all my hard earned on maintenance and pussy

The Lady:

I'd say Elle is slightly older than what her age says on her profile but is forgivable, Blonde Essex girl with a sparkling personality and great fun to be around

The Story:

I've only ever met two girls prior too Elle who could deep throat me (owo) and funnily enough one of those also worked for this place, anyone remember Sonia?

Would like to see Elle again, she?s not only into it, she also let?s you know she?s enjoying it. Felt like I was kissing an old friend good bye when she left
