The Story:

I called at short notice, so was please that she'd agreed to see me. However, on arriving at paddington station, and calling, she told me she wasn't ready, to call in 10 minutes. I called at ten past, and every five minutes until half past, when she finally answered and gave me directions. Got to the place at about 1.50 pm; paid for services, and was then told that her "friend" was in the other room, and we'd have to make do with the sofa in the living room. I decided to make the best of it, then about 10 mins in, the "friend" was finished, and to my embarassment, I saw her client in all his glory. I was then moved to the bedroom. There were knocks at the door every so often, and I was at one stage told that I had 10 mins left. I asked what time it was, Gia said half past. I was a bit shocked, as we'd only just started penetration. I was then told time almost up, at which point I gave up (not having cum). I turned my mobile on, it said the time was 2.32. I showed gia the last phone call made from my phone, which was 1.45 (and about five minutes before the session started). I felt rushed, didn't get a full hour, and poor service in general.
