### The Premises:

Im not too keen on this place as its too big with too many people working there... last time I went I had to hide under the stairs while another punter left!! it is clean and tidy though and the maid is very welcoming...

### The Lady:

a real spinner... size 6, bit older than the 18 she is listed as being (in my opinion)... nice tiny little tits...very firm stomach.. all in all quite nice...

### The Story:

This was, by any standards, a poor punt... and yet I still quite like her! Im confused...

From the moment she came into the room, i knew she wasnt going to be up for it...

She offered a massage which was ok, bit rough but i like that... then OWO which was brief and unenthusiastic and throughout she wasnt keen on being touched...

It was the sex that was the bad bit tho... most positions I tried to put her in hurt her too much and I got knocked back... apparently I was too big... now Id love to say that Im a huge boy but its just a bit of girth... not a monster, never been told Im too big before (maybe thats why I quite like her!) In the end the only things we could do were cowgirl and then some pretty basic mish... I couldnt even get her legs in the air...(ive never liked being underneath, but I will hand it to her, she knows how to ride a cock!!!)

Oh, and she doesnt kiss...

Balls emptied, clothes on and out the door... no laying on the bed making smalltalk till the time is up... (!)

And yet...

This is clearly someone new to the game and her lack of working girl skills and naive approach to the punt were both endearing...I left there after 25 minutes with empty balls and a confused smile on my face... Id not had a good punt, hadnt really enjoyed it, yet I liked her... Maybe this was the ultimate girlfriend experience, after all she spent most of the time moaning at me, it doesnt get much more girlfriend than that!
