The Story:

Coco met me at the door dressed in a fishnet body stocking that had me drooling before I got over the threshold. Once the business side was sorted she gave me half an hour of continuous pleasure using her considerable assets and a little bit of dirty talk to great effect eventually winding me up to an intense climax inside her.

Afterwards she was quite a conversationalist and I'm certain that I would be in for an even better time able to sample more of her wares were I to book for longer next time which I definitely intend to do.
