The Premises:

Cosy flat which I have visited several times

The Lady:

A young, fresh and gorgeous brunette; perfectly proportioned with deep almond eyes and olive-skin ? the perfect fusion of Cleopatra and Marianne.

The Story:

Pre-op the old captain received a deft tongue lashing: just enough to alert my appetite for RO. Fully sated on Poppy?s smoothly waxed, sweet tasting and ample pudenda we took off doggystyle but almost stalled when the little man pretended to be Mr. Bendy. Giving the joystick a good yank and reigniting the afterburners we went full throttle for a damn good rogering. On mission completion my cockpit skills warranted a breathless tribute from the flushing Poppy. Tally-ho, boys, its home for tea and medals! At debrief, Poppy, now stride my back distressing my weary shoulders, attempted to guess, with flatteringly inaccuracy, my biblical age. The revelation elicited favourable comparisons with the twenty-something pilots in training school. What a star!

Poppy is an exciting blend of kiss-ass innocence, feisty and humorous, a latent tigress for the unwary. Oh, God, I love her!

Note to Ed: I might have got the date and time wrong ? but it was a late Sunday afternoon about six weeks ago.
