The Story:

Very good massage that I was expecting to pay ?45 due to previous report. I haggled and got it down to ?65 she wanted ?75 for HE. As I said a good massage no credit card swipes so not that sensual but when I turned over she started the HE, Not that good in all honesty a big aggressive and when I had finished the clean up was very aggressive no sense that people might be sensitive after coming (I tend not to be). She then continued to massage me covering me in a towel which was nice and then doing an excellent head massage. This is where she excelled she rubbed her hands together to generate heat and clasped them over my ears the sensation was fantastic she done this once more times over my eyes and then massaged my ears nose eyes and face. The head and face massage was better than the HE and because of this she is worth a visit just don't bother with the extras.
