The Story:

Sadie walked into the room early and looked very nice in the school girl outfit I'd requested. It wasn't a role play session more just incorporating a kinky outfit session. We started off with a snogging session as my hand roved around her lithe body. My hands worked their way down to find her panties where I slipped a hand in to start playing with her pussy.

The action moved onto the bed where we ended up laying down, continuing kissing and exploring. I started to unbutton and remove items of clothing revealing a smallish set of boobs. Sadie caressed my body and stimulated me during thing.

We then moved into a 69 and Sadie provided very good owo bj; definite deep throating and a round good stimulation. I slipped off her white cotton panties and proceeded to eat her nice little puss. She was pretty tight. The mutual oral continued for about the right time and soon after she'd rolled on a rubber and had mounted up into cowgirl.

She rode well while I played with her tits. She worked hard with her hips thrusting down; all very good. Soon we had swapped into missionary and then a while later into doggy. The doggy session went well and I could feel myself build to a climax and shoot my load into the rubber while in doggy. Sadie continued to slowly bob away with her hips for a few seconds longer.

The session had been good and surprisingly for myself I was all done after 20 mins. However credit to Sadie, indeed Daniella's as there was no rush at all. Sadie was very happy to clean up, have a chat and then resume a snogging session. Even when the time was up, she said there was no rush

and indeed there was no pressure/rush to finish in the room.

I took a quick shower changed and then we went to the reception lounge where Sadie fixed me a drink and continued to have a chat. Finally when I went to go, she gave a nice kiss and I left with a smile on my face and walked out into the sunshine
