The Premises:

Flat in terraced block. Clean enough, safe enough but shower did not work, so had to have strip wash at sink even then water tepid.

The Lady:

Slim build five something, difficult to say for definite as in high heeled scruffy boots.

The Story:

Got number from local rag seemed nice on phone say was multi cum service all one price for 1 hr seemed cheap at ?80 for hr and area but lower brain in gear. After the attempt at wash after work, she gave me her version of massage that felt like insects on my back for a few minutes before rolling me over and tugging at my cock roughly whilst attempting to put a rubber jacket on it, some how it rose to 1/2 mast and she gave it a 1/2 hearted suck before asking what position I wanted to fuck her in, asked her to get on top so could see her tits bounce which she did with a hurry up look on her face. but after a few thrusts the flag lowered at which she jumped off and proceeded to get dressed saying that I must be tired as not hard enough to cum. No attempt to revive him at all.

Felt unwelcomed so dressed and left looked at my watch to find whole event lasted around 25 minutes.

Waste of time this one
