The Premises:

Nothing particularly attractive about the interior appearance of the venue, but it's perfectly acceptable in terms of accessibility and safety as it's on a busy main road just off Partick Cross, where parking is usually to be found not too far away.

The Lady:

Sam is a very trim and extremely appealing young woman, lovely eyes and a very approachable open expression, almost girl-next-door type. Just about thirty or so, I'd say, with neck-length fair hair on top, though her inviting wisp of neat pussy-thatch reveals her as one of Nature's adorable brunettes in disguise!

She's superlatively feminine with a toned and trim figure and an extremely stroke-able flat tummy, but she's very softly curvy in all the right places, with totally gorgeous legs and an absolutely irresistible arse!

If big boobies really matter, then Sam's pert but smallish handfuls (with their lovely pointy little teats) may perhaps not satisfy the one-track titsize-merchants amongst us.

The Story:

However, if you let insufficient cup-size deter you from visiting Sam, then you're just being an absolute fool to yourself as you'll be missing the chance of enjoying some really special moments with a really special person.

Sam is a wonderfully affable, sunny-natured woman, who is very genuine in her approach and attentive in the extreme. Just treat her nicely as she deserves, let her attend to your needs and don't be afraid to tell her what you're feeling and exactly what you're needing - like me, you'll come away with your whole body simply smiling both inside and out, with your head already wondering just how soon you'll manage to visit her again!
