The Story:

Magdalena, who sometimes uses the name Diana, is a Polish girl who was on one of her regular tours in Glasgow.

She was standing behing her hotel room door when we met and as it opened I had that nervous feeling, not knowing if it would be a babe or a brute. I need'nt have worried, as the door closed there she stood in a skimpy red bra and panties with high heels that assentuated her calves. What a stunner...what a relief!

We got the formalities over quickly and when I came out the shower she was lying on the bed waiting. I lay beside her and she quickly turned me over and mounted me to start a great back massage. The massage was so good I was close to just asking her to continue for the hour but then that is not what I was there for, was it?

As we lay side-by-side kissing she started stroking the wee man and as he started to sprout she got the hood on and started to blow him. Then it was her on top again for some of the best cowgirl I've experienced. So as not to make the most of the hour I stopped her and carried on with some kissing and caressing and rolled her over and massaged her back while making sure I gave enough attention to her perfectly formed arse. This cobination of her pleasing me and, hopefully, me pleasing her continued for a while until it was off with the hood and some BBBJ.

What a delightful way to spend your afternoon! I would thoroughly recommend her and if you get the chance to catch her on one of her tours do yourself a favour and don't miss it.
