### The Premises:

Modern and very well kept flat near N. Greenwich station. Room was beautifully lit with candles and contained professional massage table. Bathroom was pristine.

### The Lady:

Absolute stunner. She says herself "size 10 and 5.8" with a lovely pair of firm breasts with erect nipples" absolutely accurate.

### The Story:

This is strictly sensual massage from a very skillful woman. Was a special with extra half hour free and option to have 3 happy "end"ings. I chose twice. Angie puts me quickly at ease asking me to lie down on the table which faces a mirror for better views. Her hands (and arms and eventually her boobs) are expertly applied to every part of your body, this is no perfunctory back massage and hand-job. It is slow, sensual, teasing and pleasingly frustrating. She is a professional masseuse but also a woman who knows how to create pleasure in every sense until you are ready to explode. There was not one moment that she did not have at least one hand on my body. The happy endings were gentle and did not end abruptly allowing a period of recuperation before Angie softly cleaned up. A very small quibble was that I would have liked to have had more time lying on my back if only so I could gaze at her spectacular boobs for longer. I would certainly recommend the extra half-hour if you can as it allows you to fully relax into the experience. Wonderful.
