The Premises:

Overall the flat was clean and tidy. The bedroom large enough for the three of us to have fun and games without worrying about bumping into the walls. The shower was large and had copious amounts of hot water.

Parking was very close and secure.

The Lady:

The descriptions on Annabelles site are very accurate and you will recognise either of the girls immediately when you see them.

The Story:

Both girls are bubbly and fun to be with. We held a conversation for almost all of the time I was there, unless my mouth was engaged with breasts or pussies that is. :)

Having the company of two girls for this length of time was the fulfilment of a fantasy that many men have. These girls certainly made my fantasy come true. They had bodies of angels, soft mouths willing to kiss or suck, hands that caressed and legs that wrapped around me to hold me tight.

What more can I say, build your dream, save your money and then call these girls.
