The Premises:

Large clean top floor flat in an apartment block. It looked a somewhat difficult to find place on the map and it proved so in practice. Thankfully, I had left plenty of time to find it and ended up arriving in the area early.

The Lady:

Aisha is quite short and petite. She is under 5ft but really nicely proportioned. She has lovely firm thighs and legs, which is a particular turn on for me. And even for an Asian lady, she has particularly wonderful pert bottom.

The Story:

I suffer from delayed ejaculation (sometimes called retarded ejaculation), this means I invariably struggle to finish or don't finish at all. Therefore, I can be something of a difficult and perplexing client for many. However, Aisha was fantastic with me. I was first offered a bath and then a drink. Then we got straight down to business. She started off with a BBBJ maintaining some good eye contact throughout. Then into 69, which was just heaven.

We then switched between numerous different positions. Reverse missionary was particularly good, with plenty of opportunity to see (and grab) her gorgeous pert bottom bouncing up and down in front of me.

Aisha asked at one point if I wasn't her type (because of the lack of a finish) which couldn't be any further from the truth. The pictures on her website don't even really do her justice. All in all, a fantastic lady and experience.
