Lisa is a mature lady and in reasonable shape.

The Story:

I chanced on Pandora's when driving back from a meeting. It is in a great location as it isn't overlooked and parking is easy. No problems about being seen going in or coming out.

The parlour looks new, but on entry the choice of girls was a little disconcerting.

To be entirely blunt, there was a good looking young girl who appeared to be "out of it", 2 ladies who were perhaps supplementing their pensions with the work and Lisa.

Lisa has apparently been drafted in to work as things are not going well. I was told that punters were coming in and walking straight out without using the services on offer.

Although the place looks great, with a bar, large plasma screens and a good choice of drinks available, I am afraid the ladies do let things down a little.

Lisa herself is good, if a little disinterested. Still, she is a safe pair of hands as it were and put me entirely at ease.

I will probably return, but the location is so good it would be rude not to. Although there isn't the choice of ladies I have been spoiled by in Greater Manchester, I am sure each one has their own worthy attributes.
