### The Premises:

Nice establishment, have been many times before and decided to give it another whirl last week after a recent bad experience

### The Lady:

Tall, leggy blonde, quite attractive

### The Story:

Had seen Fallon last week who was described, both on the website and by herself in person, as a strapon expert. The strapon she had last week was far too big for me so I decided against it though she said she had a smaller one and would bring it in future. So I went back this week and she had brought the smaller one.

Asked her to wear something for me, and she did. She put on the strapon which looked really good on her, and it was a much easier thing to take so we decided to use it.

Despite describing herself as a strapon expert and marketing her as such on the website, she was anything but. She would only try one position and was less than enthusiastic about it. I have had better experiences with girls who were using the strapon for the first time.

It was enjoyable but I expected MUCH more. Brooklyns have lots of attractive women and Fallon is possibly only "mid-table" in Brooklyns' own little league - she was attractive, but Brooklyns have better - and most of them are a bit more enthusiastic even if less experienced in what I want. Its a chance I'll have to take.

### Service Provider's Rebuttal

The establishment writes:

.....again ?

It states in your previous report that you are a regular customer of Brooklyns - if this is the case can you please tell me why it is you only feel the need to write unfavourable reports ? Would it not be a better idea to use other establishments in the Crewe area if Brooklyns is such a disappointment?
