### The Premises:

We met in Savannah's apartment in the Merchant City. it was easy to find and has an entryphone system which is very discreet. The apartment itself was small, but comfortable with a private bathroom.

### The Lady:

Savannah was very friendly and outgoing without being "over the top". I was expecting a GFE and that is exactly what I got. Savannah is a superb kisser and I could have happily spent all day in her arms.

### The Story:

I had paid ?20 extra for anal which was a delight and all the other services on her profile were available. I had asked for a GFE with plenty of DFK and RO and that is exactly what I got - one can't really ask for more.

I can honestly say that this was one of the best punts ever, made all the better by the fact that although I was pretty sure I was going to enjoy myself, I really had no idea how well I would get on with her. Savannah is a lovely woman and I believe that we both had a good time together. She is certainly not a clockwatcher and the beauty of a three hour meeting is that you really feel that you get to know each other. The only negative point that I can possibly think of is that I believe that she is underpricing herself and certainly I would have been willing to pay more. I will most certainly be seeing her again and in fact, I don't think wild horses could keep me away from her! Savannah is a lovely woman and is very highly recommended - One of the best.
