22yo petite, slim blonde with pale skin & gorgeous figure .Trimmed pubes. Lilia was wearing a gown over black underwear and stockings.

The Story:

This was my first visit with Lilia but it is unlikely to be the last.

Enjoyed a chat and a drink and I had a shower as it had been a hot, humid day. Then into the bedroom and on to Lilia's massage table (she is a properly trained masseuse and very skilful at it) where I enjoyed a long, relaxing back massage.

After this, we moved onto the nearby bed where we enjoyed kissing, groping and fondling each other. She has lovely, just-a-handful breasts to which she loves getting attention and I thoroughly enjoyed obliging. Reverse oral with finger assistance also appeared to be an enjoyable experience for us both ? certainly for me.

When Lilia then suggested changing places to give my cock a suck, I intimated that I could do with emptying my bladder first and, knowing she states on her site that she likes receiving WS, suggested she might like to be involved. Lilia agreed but, once I was standing over her in the bath and she started giving me a BBBJ, I found my need to pee was overtaken by my need to come all over her breasts, so I did that instead.

Finally, after I had taken another shower, we sat and chatted more until we had gone over our time. I enjoyed every moment I spent in Lilia's company and I genuinely hope its not long till the next time I see her.
