The Premises:

Discreet house plenty of parking, inside was basic, however she said she had recently moved from watford to birmingham 2 days ago.

The Lady:

Goes by the name of 'Goldenmouth' on the other site, pics look great of her, and she describes her self as a 28 yr old, that is nonsense, she was a mature lady in her mid 30's or early 40's. Had a nice body but thats about it, teeth were stained and smelt of fags, and it didnt appear she had even washed, yet, maybe caught her to early in the morning.

The Story:

Rubbish experience, advertises herself as golden mouth on the other site and advertises that she specialises in oral without and deep throat, all services available. This is total rubbish, she started off kissing my body, which was probably the only best part, my hand just touched her body and she grabbed it and pushed it away. I let her carry on, and asked if we could kiss, again she grabbed my arm and pushed it away. She than started to give me owo which lasted 2 mins, no deep throat, and was a poor attempt at oral. On with the condom and she got on top of me without asking what position or anything. I just wanted to leave so came as soon i cud, got dressed and left. A very very poor punt.
