The Premises:

As told before its on the second floor and is always clean and quiet..

The Lady:

Young lady with bottle blonde hair with small breasts about a b cup when she came into me for the preview i thought wow not my type but would give her a go as she was a newish lady there..

The Story:

The lady's came into the room and said hello i saw them aall even a cpl of my regulars but i thought i would give the new girl a go..

I settled with the receptionest and then got undressed and waited for chelsea to come in when she did she asked straight away if i wanted owo which is a extra ?10 she then told me i had to pay this up front which i have never done before she then got undressed and came over and started to fondle me which was passable.

i then asked if she wanted to climb on board me and it was then that i had a bit off trouble with the man standing firm which i have never had before i just lost interest and couldn't wait to get out ..

If you see on my profile i am a regular at these premosise and have never had trouble before with any of the others i have commented on before..

WISH I HAD STUCK WITH MY REGULAR LADY'S..
