The Story:

Annabelle came to my hotel dressed in a classy black dress looking so gorgeous in her shyness that could not resist and 1min later I had to remove to what it was revealed like an intricate string piece and freeing her huge soft breasts. Further clothes removal and I am not ashamed to say but my tongue was exploring all her body from her toes to her hard nipples and big lips. I allowed her to participate only when she was showerly wet and could not wait anymore for her turn and wow, I was impressed! Several techniques I have not seen before and you only have to experience them to understand what I was feeling. Lost track of time completely with her overstaying by more than 1 hour.
