The Story:

I'm not in the habit of posting negative reviews but this was such a poor experience, others have to be warned. Advertises as full personal, but hardly engages in any bodily contact, when I asked her for massage, refused and whinged on about how much she hates it.

After collecting the money her attitude changed, not sexy or fun at all, about as erotic as a dead fish. Apart from initial oral, made no further effort at anything, her service and manner is entirely crap, save your money, she is a mediocrity. Avoid.
