The Story:

I have been with stephanie before and always had a great time. It has been a while since I have visited her and she is still as good as ever at giving just waht I want. I had asked her to undress me and this she did in a slow sensuous way while I slowly stripped her. I held her breasts while she played gently with my naughty bits until I was hard and throbbing. At which point I lay on the bed face down while she continued to caresse me from behind and rubbed her self over my back. Eventually I had to turn round and she seized on my standing member and slipped on the cover to begin oral. What heaven I was in she has a great oral technique. Which receiving oral I had a wonderful view of her pussy and played with played with it gently. I had to stop her several times otherwise my stay would have been very short. I had planned to save myself for my wife later but the way she looked at me I decided to let go and had the most mind blowing orgasm in years. I must come back sooner next time. Thanks Stephanie. you were great. Treat her well and enjoy
