The Premises:

Small but nice flat on a small side street between Oxford St and Grt Portland st. The bedroom was fairly basic, the shower facilities were fine

The Lady:

Well ... in my opinion absolutely gorgeous. About 5'7" tall but she had heels on that made her 6'. She is slim, lovely long legs, shoulder length brown hair, and a really beautiful face. Pert 'b' cup breasts and shaven down below. She's Polish and speaks pretty good English

The Story:

She does have some photo's on herpfile/site, and she was every bit as attractive in the flesh. She wore a really nice demure, flowery tope and pants. After I showered we chatted for a while and then moved to the bed laying next to each other, light french kissing. We continued fondling each other until she moved down to give me some wonderful OWO - nice and deep and wet. After a while she positioned herself over my face so I could return the favour. We then got the condom on and had sex in several positions. I think she enjoyed it, and after she appeared to have finished, with 10 minutes left she brought me off with a combination of her hand and mouth, me on my back her rubbing me into her mouth so I came on her tongue and she let it drip down. We chatted some more afterwards, and not only is she beautiful but she intelligent too. I have become a big fan of Sophie, and I will definitely return to see her again.
