The Premises:

First visit to Scorpio. The gentleman on the door explained there were only 3 girls on at the time and the price of entry. Inside the lounge was fair (I've seen worse and better), the showers/changing area are a bit cramped and the hot water difficult to control. Could do with a good scrub here too. The room itself was small and in dire need of a refurb. Cracked mirrors and peeling wallpaper don't look good.

The Lady:

There were only 2 girls ready, Fifi and Penny. Hayley was just finishing with a client so I waited to see what she looked like. Penny was blond, curvy with large tits thrust up. Hayley was tall, big tits thrust up, blond and a larger lady but curvy. Fifi is black, slim around 5'7 with long black hair, no tits to speak of but large pointy nipples and a great ass.

The Story:

I lay on my stomach and she took off her dress to reveal small pink knickers and a short black sports top. She rubbed my back with oil and after about 10 mins she asked me turn onto my back. Fifi then took my still soft cock and started to masturbate. As soon as I was hard enough she tried to put the thickest condom I've seen on. I'm average size but she couldn't get it past my glans and I had to put it on the rest of the way. She then gave me a covered BJ for about 5 mins (not what I expected as most places seem to adopt OWO policy). During this I started to take her top off. She eventually took it off along with her bra and knelt at the side to continue the BJ. I attempted to fondle her nipples but she hugged her arms in to prevent me access. A few mins later she took her panties off and tried to mount me cowgirl. She had real problems getting me inside her. I hadn't gone soft and she tried baby oil (on a latex condom!!) but all she could squeeze in was the first inch or two. I couldn't even see much because she'd turned the lights down so low. After a couple of mins of trying to ride me I came. She said if I wanted to cum again it would be an extra ?10. There were still a good 40 mins left but after the poor attempt at trying to please me I gave up and left. She didn't even offer to shower me in the room.

Very disappointing. Fifi needs to practice putting condoms on, be more confident with the scene and leave the lights up a bit and start practicing with a dildo to get even the average man inside.
