### The Premises:

As previously reported first floor flat over a restaurant off Welford Road.

### The Lady:

Small slim girl from Korea. Small tits but nice perky nipples. Probably in her twenties. Long black hair which was still slightly wet from her shower.

### The Story:

Got our kit off and snogged standing up. She started sucking my nipples whilst I played with hers and found her fanny with my fingers. She started to work my cock until it was hard and asked if I wanted a BJ with or without a condom. I opted for the latter for an extra ?10. Some OWO standing and then on the bed until I couldn't hold back much longer - on with the mack and fucked her missionary. Nice tight cunt and she made noises which I think were not entirely just for my benefit. Really nice Sunday morning treat which explains why most churches are empty!
