The Premises:

Flat moved a bit higher up in a smartish private block, lift broken so a bit of a hike

The Lady:

Looks a bit older than website pictures. Fair enough body, reasonable breasts, bit too much jewellery in belly button for my tastes

The Story:

Very poor. I've been to this place a few times and it's always been good, very good on a couple of occasions. But this was very poor. I don't think she was well, which may not have helped. Straight off with the kit, then sort of lay there. No sign of any gfe, so started playing with her tits a bit. She looked completely disinterested at this point. Now I'm realistic here, but I do expect some interaction, a little eye contact and some pretend interest. I'm not a bad looking chap after all. Rubbed off disinterestedley for a minute or so. I suggested oral, as it was rather poor, and after an extremely brief, and frankly poor effort, she handed me a cover to put on. Any expectations of a proper BJ quickly vanished as she climbed on. Again she distinterestedly sort of sat there. Completley unaroused so called it quits.
