The Premises:

Clean, well presented flat just around the corner from where I live.

The Lady:

Stunningly pretty face, huge boobs. The nurses uniform and stockings she was wearing were the icing on the cake.

The Story:

I have seen Hannah a few times now. It's good to find a local lady who is both charming to talk too, and a good fuck.

After a brief chat and me sucking on her large breasts she dropped to her knees for some OWO. She gives a very sensuous blow job, which I much prefer to the hard n fast vacuum cleaner types which some girls make me endure.

After a couple of minutes we went for a little bit of doggie, then she turned over and I fucked her missionary till I came.

I had a fag and we chatted whilst I reloaded for round two.

We started again with OWO, and then this time she climbed on top of me for sex. Hannah's really great on top. She gets the rhythm just right, and her tits are so big that they rub against my chest as she rides me. The nice little extra is that she does make a lot of eye contact while she's on top. Many girls don't, and this makes a difference, especially as she has amazing eyes.

Will be back for more soon.
