The Premises:

The area is reasonable and the premises are discreet. The number on the gate is huge and the basement flat is at the rear so you will be out of sight round the back in a flash.

The Lady:

Tara was certainly the height she claimed to be and a little too tall for me. I had actually gone there with a view to seeing Jennie, who is a bit smaller, but even at this time on a Sunday morning only Tara was available. I found Tara reasonably attractive with what I would call a real womanly hour glass shape. She's very friendly and appears to be intelligent and knowledgeable.

The Story:

I think it's probably me, but there is something about very tall women which somehow overpowers me at 5'9". That was a bad start and in hindsight I think I should have waited for my initial choice. Normally I would have no real problem getting a stiffy, but even when Tara was all over me I was struggling to rise to the occasion. I opted for the OWO and eventually I managed to shoot into her mouth while she 69'd me. The action was all over pretty quickly and to be frank I was quite content to leave it at that. I'm sure Tara would be fine for most guys, but just not me.
