The Premises:

Probably one of the most secure places i've ever been to, Her place is located between NCP and YMCA and there is a huge gate you go through to get it. Inside, her place is very clean and quite a nice penthouse suite.

The Lady:

As with most of the girls at this place (They change weekly according to previous reports) she's about 5'2, DD cup breasts, size 10/12 with a very pretty face, one of the prettiest Asian (Chinese/Japanese) girls i've ever met

The Story:

Started off well with a quick shower and onto a deep tissue massage as advertised, this lasted for quite some time with very little said and any comments i threw out came back with one word answers and this kind of sums the whole experience up, i think she is quite new at this and this combined with the obvious language barrier meant neither of us really relaxed enough to fully enjoy ourselves.

That being said she gives one hell of a blowjob and has some of the softest breasts i've ever experienced!
