The Premises:

Everyone praises the appointments, safety and comfort of IM, and I am no exception.

The Lady:

Imagine Naomi Campbell, only very much younger, prettier, smaller and better-tempered.

The Story:

She seemed very pleased to see me, though we'd never met before, and as soon as we'd both stripped, started French-kissing, caressing, oral foreplay etc. Then came the massage, not very serious, but very enjoyable. Then to the rubber and the main event. We started with her on top, which is my preference, especially when the woman is very small; after a while we switched to doggy, in which I came. For the rest of the time we chatted about the differences between our countries (she's from Trinidad) and the sort of holidays we enjoy.

Best of all, she really seemed to be enjoying herself, and was complimentary about my performance. Given that I'm quite old enough to be her grandfather, she's surely very good-mannered, a very good actress, enjoys her work - or maybe a bit of all three.
