The Lady:

Ashley is a really glamorous looking girl. Really pretty face and a body to die for. I love a womanly curvy figure and Ashley is perfect.

The Story:

I had a nice shower and was drying myself when Ashley came in. She kissed me straightaway. She kisses really well like a girlfriend. And when I undressed her, couldn't believe how gorgeous she looked naked. Shaved pussy and beautiful tits, and such a gorgeous oval face. I could kiss her forever.

We went on to do OWO, 69 with me spending ages on her juicy pussy. She gets really wet. Loved every bit of it.

Then on with the rubber, and we had sex in many positions for about 10mts. There was not a hint of rushing from her. Just a nice accommodating girl. No false orgasms or false grunting etc which some girls do, which can be really off putting.

Got the condom off and she gave me oral again and I came between her gorgeous tits. Can't wait to go back and see her. We also had a good conversation and she seems a very intelligent girl. I would love to actually take her out on a date, a nice meal and a few drinks and some raunchy time. I could go on forever, but guys she is a stunner. Form an orderly queue and look after her. Maybe I should have lied and tried to keep her for myself. I think that was the clever plan of one guy who gave her a negative report!!
