The Lady:

Sindy is a Chinese woman probably in her late forties. Ok fake tits but no arse at all. Perhaps a result of years of malnutrition during the Cultural Revolution.

The Story:

I took a shower first and then paid the cash. She asked me what I wanted her to wear but that was a waste as she took it straight off again. She seemed in a hurry to get me out of there and spent a lot of time telling me that the shower I had first was part of the agreed time. It always seems that the girls want to offer less than promised. A bit like a barman who thinks he's doing well if he can give you a short measure. Anyway I had a blowjob which all finished pretty quick so she was able to hustle me out of there. Still it was a nice experience and I would go back again as she was friendly enough. When I got dressed she did the Chinese thing of helping me with my shoes and socks. She also did a bit of rimming (another Chinese thing?) having wiped my butt and dick over with a tissue sprinkled with Listerine. Hopelessly unscientific so I guess she picks up some pretty nasty bacteria. Next time I must avoid letting her breathe on me and rubber up even before I put my foot through her door.
