The Premises:

A bit run down. I've been to much better parlours in my time. Does the job. Showers are run down and do not work properly.

The Lady:

Web site describes Alisha as Indian but I have to disagree as she looks more Mediterranean. Defo not Indian. In any case she has a fantastic body. Quite attractive looking but not a stunner.

The Story:

Thought I'll venture out and try a different parlour from my usual sandys affair. Most definitely one of my worst punts ever. Alisha does not do many extras. In fact she does not provide much. No going down on her, no kissing, no sucking tits, no fingering, no owo. You can't pretty much do anything with this lady. It's doubly frustrating as she does have quite a stunning body but I didn't get to see or feel much of it. She offered a covered oral and varios positions before I asked her to Jack me off by hand. A thoroughly disappointing service. I think I'll stick with sandys as there you know you are always guaranteed a first class service by first class ladies.
