The Story:

Scarlett is a real babe who is determined to enjoy herself at the same time as she gives pleasure to others. Within minutes we were chatting and joking like old friends who had known each other for years. She loves what she does and the fact that she gets paid as well is just a bonus.

She had brought a little sexy outfit which she put on in the bathroom. When she returned to the bedroom she looked magnificent and once it begun the action was spontaneous, genuine and above all mind blowing.

She doesn't watch the clock and extreme self control had to be maximised before the inevitable climatic conclusion which left us both breathless.
