The Premises:

Well known, clean and in a safe residential area close to station with easy parking

The Lady:

Short dark hair, probably around 30 years, approx 5'4" dressed in a delightful summer dress which showed off an attractive figure. One other girl on duty but chose Debbie as the dress seemed so apt on a summer's day.

The Story:

But that is where the pleasure ended. Was shown to the room I have used a few times before, offered no shower or refreshment, both of which would have been welcome on a hot day and opted for the basic half-hour.

Once Debbie returned after stashing the dosh I was rather peremptorily told to lie on my front before she disrobed. That done a reasonable muscle massage followed but without any attempt at conversation and with no attention to my more sensitive parts. Told to flip over and a rather over enthusiastic hand-job started. I told Debbie to slow down as I know how quickly I can react to this treatment. She took precious little notice and I dribbled some cum. She left the room to get tissues before offering them to me to clean myself up a bit. Then on with the rubber, some more tugging and then the main event with her on top was nothing more than a rythmical exercise.

The most disappointing and unerotic punt I have ever had with a girl who showed little experience or enthusiasm for the job.

I have had previous most enjoyable experiences at Bunnies with delightful ladies and will return there but I fear that I will steer clear of Debbie
