The Premises:

My hotel in N.London. Nice safe area, I met Abi at the tube station when she arrived.

The Lady:

Abi is a delightfully petite young lady with wickedly mischievous eyes. She does hide her face on her website for privacy reasons but that just serves to make it all the more pleasant when you meet her and see for yourself how beautiful she is.

The Story:

I booked a dinner date with Abi as I prefer the more relaxed style of meeting. As she was coming by tube it was suggested that an earlier arrival may be better so she could change in the hotel before we went out but in the end that wasn't necessary as she looked stunning in her 'travelling' clothes. Easy to talk to and a very down to earth and fun personality with a naughty twang made her company a delight over dinner.

Back at the hotel and the naughty banter progressed into a passionate bout of naughty fun. No gratuitousness here but a very enjoyable time was had. This was so much more than just a 'punt', Abi is genuinely fun to be with = her sense of mischievous fun accentuates the time spent yet makes it pass all too quickly.
