The Story:

Has a great welcoming attitude which is why I decided to stay...

I decided to check her skills and asked for oral with a mind to giving her more money for sex if she was OK later.

As soon as the money exchanged hands, she left and came back a different person.

She went all mechanical and sucked as if my dick was made of broken glass. Then she said "hurry up" !!!!

I ecied to help myself and asked her to lie with her legs wide open while I wanked. I asked for a tissue to come into and she said I couldnt remove my condom.what did she think, that i wanted to do it without a condom? I made my excuses and left.
